

Dana Point Roadway and Parking Lot Improvements

Dana Point Condo Association – Arlington Heights, IL

Postl-Yore was retained to provide design and construction engineering services for approximately 0.75 miles of roadway reconstruction and for 9 parking areas in this, multi residential community. Special design considerations were required to remedy existing drainage problems, the failure of the pozzolanic base course and facilitate traffic flow throughout the construction process.

Brett Postl - Principal –In-Charge
